

# Wanted In The Wild West

## REPETITION RANCH

Howdy! Here at the **Repetition Ranch** we know that efficient practice goes a long way. **Use colored markers to separate your current piece into 4 sections.** Label each section A, B, C or D. Now, it's time for a little Rodeo... Repetition Ranch style! Practice your piece every day this week in the following arrangements:

CDBA  
DBCA  
DDBA  
ABCD

## INSPIRATION INN

So, you're checking in at the **Inspiration Inn**? Here, musicians come to learn and share. If you **complete the following two tasks**, you'll have the chance to shed your "Wanted Status" at the Practice Cactus.

1. Listen to 3 different performers on youtube. Be ready to discuss with your teacher what you did and did not like.

2. Perform your piece for at least three different people. Have them sign the back of this page.

## CREATIVE CANYON

Welcome to **Creative Canyon**! This here is outlaw country, where rules are made to be broken. This week is all about making your piece your own. **Get creative and break the rules** with your piece this week by changing up, or creating your own...

Tempo  
Octave  
Dynamics  
Introduction (create your own)  
Ending (change it)

**MAKE YOUR WAY TO THE WORLD FAMOUS  
PRACTICE CACTUS FOR YOUR FINAL  
SHOWDOWN INSTRUCTIONS.**
