

CHILLY CHORDS

Open your method book and search for chords that resemble the snowmen below (ie. for snowman #1, look for a chord with a # as its 3rd).

For each chord you find, write the **ROOT NOTE** in the box.

Name your **FAVORITE SNOWMAN** using the root note as the first letter in his name. Cut him out and paste him to the piece where his chord was found. Wear a **SCARF** each time you play this piece from now on.
