

DINING ON DICE

- 1 Sit on the floor with the worksheet placed in front. Place six dice into a plastic cup. On the word, "Go!" shake the dice in the cup and then pour them out onto the floor. Your teacher will start a timer.
- 2 Choose any die and examine its value. Place the die over the interval on the worksheet that matches its value (ie. '2' = interval of a second). Note: If a die displays a "1" it can be placed over any interval.
- 3 Repeat Step 2 until all dice are placed on the worksheet. At this point your teacher will stop the timer and record your time. Play another round.
