

It's RAINING RHYTHM

- 1 Sit on the floor with the worksheet placed in front. Place ten dice into a plastic cup. On the word, "Go!" shake the dice in the cup and then pour them out onto the floor. Your teacher will start a timer.
- 2 Choose any die and examine its value. Place the die over the note on the worksheet that matches its value (ie. '2' = half note).
- 3 Repeat Step 2 until all dice that have a matching note value are placed on the worksheet. Next, place all remaining dice back in the cup and repeat Steps 1 and 2. Keep playing until all dice have been placed on the worksheet. At this point your teacher will stop the timer and record your time. Play another round.
