WUNDERKEYS LEVEL 2A

WunderKeys Elementary Piano Lesson Book 2A is a pop-infused resource that develops students into modern piano players with the technical prowess of classically-trained pianists.

WunderKeys Elementary Piano Lesson Book 2A explores the G Major and G Minor 5-Finger Scales, the D Major and D Minor 5-Finger Scales, and the A Major and A Minor 5-Finger Scales, as well as eighth rests, dotted eighth note rhythms, pick-up bars, and left-hand patterns.

EXERCISES • IMPROV • REPERTOIRE • SIGHT READING • RHYTHM

WUNDERKEYS

LEDGER LINE BOARD GAME

1. 20 coins should be placed in a container beside the game board.
2. To begin, the student places three coins (heads up) over any three squares on the game board. Next, the teacher places three coins (tails up) over any three squares on the game board.
3. Either player rolls a die and then, in the legend, locates the note name that corresponds to the number rolled.
4. The student analyzes the game squares where her coins (heads up) were placed in Step 2. If the note image beneath a coin matches the note name selected in Step 3, she keeps the coin. Any coins that do not match are returned to the container.
5. Step 4 is repeated by the teacher.
6. After all coins are removed from the game board, Steps 2 - 5 are repeated until a player collects 10 coins and wins the game.
